ArcGIS for Desktop Concurrent License Setup Instructions

(Last updated September 2018)

1. Open the ArcGIS Administrator by clicking Start → Programs → ArcGIS → ArcGIS Administrator.
2. Click Desktop
3. Select the Advanced (ArcInfo) Concurrent Use option (see screenshot below). Click OK.

4. Click the Change button (see below)
5. Enter: `license.cga.harvard.edu` and click OK.

Close ArcGIS Administrator. Now you will be able to run ArcMap and all of the other ArcGIS Desktop modules.
